

SEP

Syringe Exchange Program

The Harrison County Syringe Exchange Program (SEP) also known as the Needle Exchange Program (NEP) opened on September 1, 2016. WEDCO District Health Department would like to thank our community partners for their support. The primary goal of SEP is to help keep our community safe and healthy by working to prevent the spread of HIV and hepatitis.

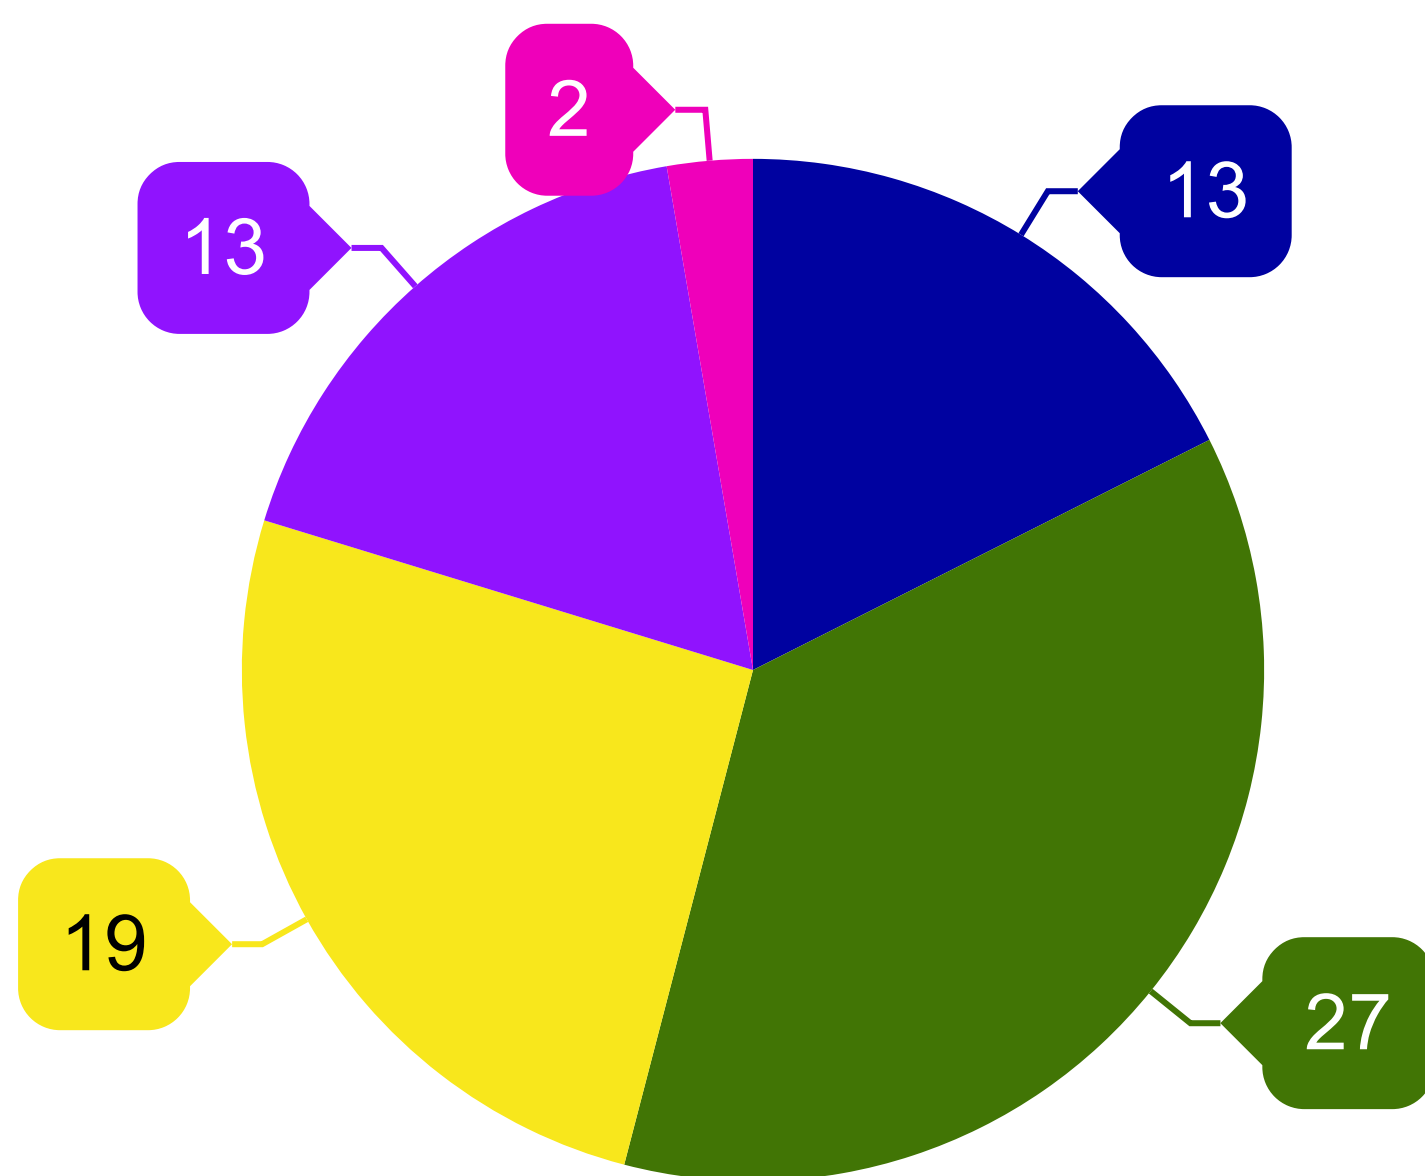

SEP Demographics

75% of SEP participants are male and 25% are female.

100% of SEP participants were Caucasian.
