WEDCO Services

Public Health Director, Crystal Miller, DrPH 859-234-8750

The WEDCO District Health Department service array includes preventive health care such as Well Child and Prenatal Clinics; early intervention and treatment clinics such as STD and TB; environmental services such as restaurant, swimming pool and hotel inspections; health education services such as drug prevention and postponing sexual involvement education; as well as many other vital services such as home visitation to first time high risk parents (our HANDS Program). Brief descriptions of some of our services are listed below. Contact your local health center for more information.

Clinic Services

The WEDCO District Health Department offers General Preventive Health Clinics in each of our three counties within our district (Harrison, Nicholas, and Scott). Preventive Health visits can detect minor health problems before they become serious. Services include:

- Immunizations to children and adults
- Well child examinations for children
- Limited family planning for women
- WIC (Women, Infants & Children) nutritional supplement program
- Sports & CDL Physicals
- Tuberculosis screenings
- HIV/STI screenings
- Hepatitis C Treatment
- Disease investigation, surveillance and prevention through epidemiology services
- COVID Testing/COVID Vaccines

Many of our services are covered by Medicare, Medicaid and other insurances. Some services such as childhood immunizations and communicable disease screenings are offered at a minimal nominal charge set by the Kentucky Department for Public Health.

Environmental Health & Preparedness

Environmental Health is the branch of Public Health that is concerned with all aspects of the natural and built environment that may affect human health. We inspect all public facilities such as: food service providers, hotels/motels, schools, swimming facilities, mobile home / RV parks, tattoo / piercing studios, confinement facilities and youth camps. In addition, we inspect/investigate nuisance complaints, animal bites, and on-site sewage systems.

Community Health Promotion

Our goal is to empower our counties and communities of all ages to make healthy lifestyle choices. We provide comprehensive health education programs utilizing Best Practice guidelines. Topics include: physical activity, nutrition education, tobacco prevention/ cessation, Radon, biometric screenings, hygiene, sexually transmitted infection education, and many other topics.

Our team also conducts community health assessments and community health improvement plans to assure we are meeting the health needs of the residents we serve.

Health Access Nurturing Development Services (HANDS) Program: A volunteer educational program for families who are pregnant or have newborn babies (must be under 90 days of age to start). Our staff is specially trained to present new parents with educational information on critical development areas during pregnancy and throughout the baby's first two years of life. This program was designed to assist parents in understanding child development and to develop parenting skills so that you can provide the best for your new baby. **Cost is Free!**

Harm Reduction-Syringe Service Programs
The Syringe Service Programs at Harrison County Health Center and Scott County Health Center is a voluntary confidential, free education program for people who use drugs. The program provides clean sterile syringes and collects used syringes, overdose prevention education, and access to social services, including substance addiction treatment.

Other services provided include:
- STI testing and treatment referrals
- Overdose prevention education
- Free Narcan & Narcan training
- Free HIV testing and treatment referrals
- Free Hepatitis C testing
- Harm Reduction Education
- Safer Sex materials

Harrison County hours are Thursdays 12:00 PM - 4:30 PM
Scott County hours are Mondays from 12:00 PM - 4:30 PM

Child Care Health Consultant (CCHC): This program provides a consultant who works with child care providers, community partners and their families to promote healthy, safe and nurturing environments for optimal child development.

Part 2:
Harrison County Resources

Harrison County was formed on December 21, 1793 from portions of Bourbon County and Scott County. It was named after Colonel Benjamin Harrison, an early settler in the area.

Cynthiana is the county seat of Harrison County; the county population was 18,692 at the 2020 census. The city of Berry is also located in Harrison County. This community gets its name from Colonel George W. Berry. He was a wealthy property owner who donated land for the town and built the first store in the community.

Historical information was adapted from the Cynthiana Chamber of Commerce website (cynthianakychamber.com) and The City of Berry website (cityofberry.com)

*HOUSING PROGRAM DESCRIPTIONS

Housing Credit
The Housing Credit (HC) program provides tax incentives for the development of multifamily housing for families whose incomes are less than 60% of area median income. Contact the property to determine availability and eligibility.

HUD Section 236
The HUD Section 236 Program serves lower-income families who contribute no more than 30% of their adjusted income or a base amount toward rent, whichever is higher. Contact the property to determine availability and eligibility.

Project-Based Section 8
The Section 8 program helps low and very low income families pay their rent. Eligible tenants must pay the higher of either 30% of their adjusted income or 10% of their gross income. Many Section 8 apartments are reserved for the elderly. A small portion of the units are specially designed for the mobility impaired. Contact the property to determine availability and eligibility.

Rural Development
The Rural Development Program serves low and moderate income families in rural areas. Low income senior citizens or families paying rent of more than 30% of their adjusted annual incomes can qualify for rental assistance. In properties not offering rental assistance, tenants pay the greater of 30% of adjusted income or the base rent. Low-interest rate loans are made to owners to reduce the rents (including utilities) paid by low income tenants. Contact the property to determine availability and eligibility.

Lifeline Phone Assistance Program
The Lifeline program was designed to preserve and promote telephone services to qualified low-income households. The program provides a monthly discount on local service, which can be either LANDLINE or WIRELESS service. The combined federal and state discount in Kentucky is up to $12.75 per month.

Who Is Eligible?
You are eligible if you participate in one of the following: Medicaid, Supplemental Nutrition Assistance Program (SNAP), Federal Public Housing, Supplemental Security Income, Veteran Pension and Survivor Benefits Program OR have income at or below 135% of the federal poverty guidelines AND you have paid or made payment arrangements for any outstanding balance for telephone services provided to you or any member of your household at your current address

How Do I Enroll?
Contact your local telephone company for enrollment details. You must be able to provide proof of participation in a qualifying program or show that you meet the income guidelines. For questions or problems with service, contact the business office of your local telephone company with any questions you may have about the program. If your local telephone company is unable to not answer your questions, contact the Kentucky Public Service Commission.

Part 3:
Nicholas County Resources

Nicholas County was founded in 1799 and is named for George Nicholas, the "Father of the Kentucky Constitution." As of the 2020 Census, the population was 7,537. The county seat is Carlisle; Carlisle-Nicholas County is a small community with the beauty of 350 buildings on the National Register of Historic Places. Within the historic downtown district is the recently restored Old Jailer's Home, built in the mid-1800s. Adjoining this structure is the dungeon, with a log ceiling and dirt floor. The old passenger depot, built in 1912, features a museum with information for genealogy seekers. The focal point of Main St. is the 1893 Courthouse with an original tin ceiling in the courtroom. Old churches with lavish stain glass abound in the community.

Historical information was adapted from a website created as a joint effort between Carlisle-Nicholas Co. Tourism, Inc. and the Nicholas County Historical Society (www.carlisle-nicholascounty.org) and the Nicholas County, KY Wikipedia page (wikipedia.org/wiki/Nicholas_County,_Kentucky)

*HOUSING PROGRAM DESCRIPTIONS

Affordable Housing Trust Fund, KHC Small Rental Program
These are two housing programs funded by KHC to finance affordable rental housing for low income families. Contact the property to determine availability and eligibility.

Housing Credit
The Housing Credit (HC) program provides tax incentives for the development of multifamily housing for families whose incomes are less than 60 % of area median income. Contact the property to determine availability and eligibility.

HUD Section 202 Supportive Housing for the Elderly
HUD provides capital advances to finance the construction, rehabilitation or acquisition with or without rehabilitation of structures that will serve as supportive housing for very low-income elderly persons, including the frail elderly, and provides rent subsidies for the projects to help make them affordable. Some supportive services may be available on the premises. Occupancy in Section 202 housing is open to any very low-income household comprised of at least one person who is at least 62 years old at the time of initial occupancy. Contact the property to determine availability and eligibility.

Project-Based Section 8
The Section 8 program helps low and very low income families pay their rent. Eligible tenants must pay the higher of either 30 % of their adjusted income or 10 % of their gross income. Many Section 8 apartments are reserved for the elderly. A small portion of the units are specially designed for the mobility impaired. Contact the property to determine availability and eligibility.

Rural Development
The Rural Development Program serves low and moderate income families in rural areas. Low income senior citizens or families paying rent of more than 30 % of their adjusted annual incomes can qualify for rental assistance. In properties not offering rental assistance, tenants pay the greater of 30 % of adjusted income or the base rent. Low-interest rate loans are made to owners to reduce the rents (including utilities) paid by low income tenants. Contact the property to determine availability and eligibility.

Lifeline Phone Assistance Program
The Lifeline program was designed to preserve and promote telephone services to qualified low-income households. The program provides a monthly discount on local service, which can be either LANDLINE or WIRELESS service. The combined federal and state discount in Kentucky is up to $12.75 per month.

Who Is Eligible?
You are eligible if you participate in one of the following: Medicaid, Supplemental Nutrition Assistance Program (SNAP), Federal Public Housing, Supplemental Security Income, Veteran Pension and Survivor Benefits Program OR have income at or below 135% of the federal poverty guidelines AND you have paid or made payment arrangements for any outstanding balance for telephone services provided to you or any member of your household at your current address.

How Do I Enroll?
Contact your local telephone company for enrollment details. You must be able to provide proof of participation in a qualifying program or show that you meet the income guidelines. For questions or problems with service, contact the business office of your local telephone company with any questions you may have about the program. If your local telephone company is unable to not answer your questions, contact the Kentucky Public Service Commission.

Part 4:
Scott County Resources

In 1792, Scott County became one of the first two counties created by the newly formed Kentucky Legislature, and was named for General Charles Scott, a Revolutionary War hero who later served as the Commonwealth's fourth governor from 1808 through 1812. In 1790, the county seat's name was changed to George Town in honor of President George Washington. In 1792 it became George Town, Kentucky, when Kentucky became the15th state of the union.

Georgetown College was founded in 1829 by orthodox Baptists to provide education for clergy to combat the reforming threat of the Disciples of Christ, and by those men simply interested in providing a superior classical education. Thereafter the college continued to prosper and in 1898 became one of the first such institutions in the South to become coeducational.

In the 2020 census, the population in Scott County was 57,155. The largest industry is manufacturing with the largest employer being Toyota Motor Manufacturing.
(Historical information was adapted from the City of Georgetown website www.georgetownky.com)
